

Price / Quality		
BP 1	Rigid PVC transparent regrind sheet (vacuum forming)	A: pressed in bales
BP 2	Rigid PVC white sheet (vacuum forming)	B: regrind
		C: rolls
BP 3	Rigid PVC mixed colours regrind sheet	A: light colours
		B: dark colours
BP 4	Rigid PVC regrind calender scrap	A: pressed in bales
BP 5	Medical PVC transparent	B: regrind
		A: pressed in bales
BP 6	Soft PVC transparent, Shore 75-85	B: regrind
		C: rolls
BP 7	Soft PVC mixed colours Shore 65-85 - max 5% foam - max 4% outhrow	A: pressed in bales
		B: regrind
		C: rolls
BP 8	Soft PVC sorted according to one colour	D: granulated
		A: pressed in bales
		B: regrind
BP 9	Rigid PVC transparent (vacuum forming)	A: pressed in bales
		C: rolls
BP 10	Chunk PVC powder (20 to 30 % water) wet resin	A: white
BP 11	Soft PVC wallpaper	B: mixed colours
BP 12	PVC powder with dust, floor-weepings (E and S PVC)	A: pressed in bales, out-throw max. 20%
		B: regrind clean 100% PVC
		C: regrind with copper, max 2%
BP 13	Soft PVC cable scrap mixed colours	D: granulated
		A: pressed in bales
BP 14	Soft PVC high filler brown/black floor-covering scrap	B: regrind
BP 15	Regrinded PVC pipes / profiles Rigid PVC lumps	A: grey
		B: mixed colours
		C: micronized
		D: pressed in bales
BP 16	PVC cushion flooring scrap with fiber glass 5% PVC solid flooring	A: pressed in bales
		B: regrind
		C: rolls
BP 17	Semi-rigid PVC (soft and rigid together)	A: pressed in bales
		B: regrind
		C: rolls
		D: wallpaper
BP 18	PVC waste from gasket profiles	A: pressed in bales
BP 19	Rigid PVC sheet (vacuum forming) mixed colours	C: rolls
		A: pressed in bales
BP 20	Soft PVC foam (car industry)	C: rolls
BP 21	Cooling tower PVC scrap	A: loose loaded
BP 22	Soft PVC lumps mixed colours (burning max. 5%)	B: regrind
BP 23	Soft PVC medical gloves virgin production waste pressed bales	A: pressed in bales
BP 24	Thin rigid sheet, transparent or mixed colours	B: regrind
		C: rolls
BP 25	Soft PVC PU pressed in bales (car industry)	A: liquid paste, grey
BP 26	Sawdust from pipes/profiles	B: dry paste
BP 27	PVC paste in barrels (40% PVC, 30% CAC03, 30% DOP APPROX)	C: liquid paste, white
BP 28	PVC with ABS (30%) pressed in bales (Car industry)	A: pressed in bales
BP 29	Soft PVC rolls with adhesive from tape manufacturing	C: rolls
BP 30	Soft PVC reinforced inside (tarpoline) roofing or billboard	A: pressed in bales
		C: rolls
